TO OUR CUSTOMERS.

Welcome and thank you for taking the time to look over our 2015 catalog. Each year, Traditions™ works hard to raise the bar with our current product lines but we also work to expand our offerings to bring new products to market.

For 2015, we are excited to introduce the Crackshot™ rifle. This .22 caliber, single shot cartridge rifle has a 16.5" barrel and weighs just over 4 pounds. This rifle is great for plinking and small game hunting. With standard models, youth models, and a Muddy Girl® Camo option, there is an option for all ages and genders.

The Pursuit™ G4 Ultralight is also new for 2015. This is the next generation of the popular Pursuit™ series. The new features include a wider forend for better grip and hand position as well as a concealed hinge pin which gives the rifle a more streamlined look. Our new accessory line of EZ Clean™ 2 products will allow you to lessen cleaning time since the advanced formula cleans and protects thanks to an added ingredient. Now you can combine two steps into one!

We've added the Quick-™ Ramrod Handle to our product line. This handle makes loading faster and easier since it can store on your ramrod and can function like a work/cleaning rod. Be sure to check out our popular Single Action Revolver line. We've added some new offerings to our Frontier Series that feature more detail and engraving options.

At Traditions™ we strive each year to continually provide you with the best products and service in the industry. We truly work hard to put forth new, innovative products that make your time at the range of in the field more enjoyable and successful. We are fortunate to work in an industry where our job is our passion and many of our employees are hunters and shooters just like you. We appreciate the opportunity to earn your business and hope you will share your success stories with us on our website, Facebook, and Twitter. We look forward to seeing you at the range or in the field. We know once you pick up a Traditions™ product you will Feel The Difference!

> TOMHALL President of Traditions™ Firearms

WHYBUY TRADITIONS.

Each year, the Traditions™ team works to develop the most innovative and user-friendly firearms. Like you, we are hunters and shooters and understand what you are looking for in a firearm. We continue to take innovation to the next level by developing cutting-edge technology and have been recognized for this innovation the past three years by being awarded Field & Stream's Best of the Best award, Editor's Choice Awards and other accolades.

TRADITIONS™ AND ACCURACY

Traditions™ consistently produces some of the most accurate muzzleloaders on the market. Many of our firearms are outfitted with features that provide proven accuracy well beyond 200 yards. You can rely on your Traditions™ muzzleloader to be dead on accurate.

W CHROMOLY BARRELS

The barrels of Traditions™ muzzleloaders are built with premium grade Chromoly steel. Chromoly has long been recognized as the best barrel material for strength and accuracy among centerfire rifles. By incorporating this material into our barrels, Traditions™ has raised the bar for modern muzzleloader performance and accuracy.

SAFETY IS ALWAYS FIRST

Traditions™ has put safety first and foremost when developing our muzzleloaders. Many of our firearms come with a Dual Safety System which is only on Traditions™ firearms. You will not see this level of safety on our competitor's guns. The Vortek StrikerFire® and the Vortek StrikerFire® LDR models are outfitted with a trigger block safety and an internal striker block safety. On the Vortek™ Ultralight and Buckstalker™ models they are both equipped with a trigger block safety and internal hammer block safety. Traditions™ has made safety standard and a priority in our firearms.

Vortek™ Ultralight LDR models a rebounding hammer and trigger block safety are featured. On the popular Pursuit™ G4 Ultralight and

STRIKERFIRE SYSTEM

No more external hammer! Simply slide the striker button forward until it locks and the rifle is cocked. This system allows for faster lock time, a crisp rigger, the ability to mount your scope closer to the bore and also operate with less weight.

TAC2™ TRIGGER

The TAC2™ Trigger is the best trigger on any muzzleloader. This clean-breaking, two-stage, creep-free competition-style trigger is set at a mere two pounds available only on StrikerFire® models.

SPEED LOAD SYSTEM

Traditions™ Speed Load System allows for a bullet that is perfectly centered with the barrel rifling, allowing you easier bullet starting and

QUICK-T™ RAMROD HANDLE

The Ouick-T™ Ramrod Handle functions like a palm saver and a t-handle all in one! This makes it easier and more comfortable to load your rifle. The Quick-T™ Ramrod handle is available as an accessory or in a package with the replacement ramrod to fit your Traditions™ muzzleloader!

DUAL SAFETY SYSTEM

Incorporates two safeties, making equipped break actions some of the safest muzzleloaders available. The trigger block safety is the most apparent as it is positioned on the trigger guard, like many centerfire rifles.

The second safety is an internal hammer block safety that prevents the hammer from engaging the firing pin unless it has been manually cocked. The combination of these two safety systems allow you to break open the rifle and remove your live primer without having to depress your hammer.

PREMIUM CERAKOTE FINISH

Premium CeraKote Finish is 50 times more corrosion resistant than stainless steel barrels. The Premium CeraKote Finish on both the barrel and frame was designed to provide a high quality, long lasting finish, with high corrosion protection and durability. Premium

CeraKote Finish is by far the best coating on the market for resistance to highly corrosive black powder, cleaning chemicals and any weather that Mother Nature can

DROP-OUT TRIGGERFOR VORTEK ULTRALIGHT SERIES Now available on all Vortek™ Ultralight Series muzzleloaders, the Traditions™ Drop-Out Trigger is an all new one-piece removable trigger group. Simply remove the one trigger

group screw and the whole assembly comes out for easy cleaning and access to the frame. (Not available on Vortek StrikerFire® models.)

W LIFETIME LIMITED WARRANTY

At Traditions™, we believe in the quality, performance and value of our firearms. We stand behind our products and that's why we back all of them with lifetime limited warranties.

LT-1 ALLOY FRAME

ACCELERATOR

BREECH PLUG™

it's out! The Accelerator Breech Plug™ makes use of a new flat face for even more

consistent ignition and a heavy-duty O-ring that eliminates blow back.

The Accelerator Breech Plug[™] removes easily

by hand in just three full turns. To clean your

muzzleloader or remove a load from the barrel.

simply twist the breech plug three full rotations and

Traditions™ LT-1 Alloy Frame reduces the weight of the firearm while maintaining strength and structural integrity. Great for reducing arm fatigue on long hunts, where mobility is crucial.

throw at it, including salt spray.

VORTEK STRIKERFIRE LDR JOIN THE HAMMERLESS REVOLUTION. EXTEND YOUR RANGE AND ACCURACY.

The Vortek StrikerFire® LDR is the most innovative rifle on the market and will be the most accurate rifle you will ever own. With a 30" Chromoly barrel, you will be able to reach out farther with increased accuracy. The barrel is made with premium-grade Chromoly steel which is commonly used on centerfire rifles and known for being extremely strong, lightweight, and accurate. The 30" barrel allows for a longer powder burn which translates to increased velocity, better consistency, and better downrange accuracy. When distance counts, the Vortek StrikerFire® LDR is the one you want! This patent-pending rifle comes with the StrikerFire system as well as the TAC2™ Trigge system. This upgraded trigger is a 2-stage, competition-style trigger set at 2 pounds. The Vortek StrikerFire® LDR is feature-rich and will give you confidence when you need that 250+ yard shot.

30" Ultralight Chromoly Tapered Fluted Barrel

TRADITIONS *LIFETIME* WARRANTY

Scopes mounted and bore sighted by factory trained technicians.

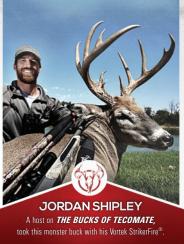

Mark, Terry, and the entire Drury Outdoors team are well-known for putting huge bucks on the ground. They take their gear seriously and that's why they have teamed up with Traditions™. The Drury team needs to have the most innovative and accurate products in their hands and now you too can have it on your next hunt. This package comes with a Vortek StrikerFire® with a 28" barrel in Mossy Oak New Treestand® / CeraKote, a Nikon™ 3-9x40 Inline XR Matte 300 BDC Range-finding scope mounted and boresighted by a factory-trained technician, Traditions™ Neoprene Sling, and Deluxe Soft case with zippered side compartment, extra padding, and reinforced handles. The Drury Outdoors team uses this package because it combines some of the best products on the market and allows them to have the most innovative and accurate products available.

Scopes mounted and bore sighted by factory trained technicians.

VORTEK ULTRALIGHT LDR DEADLY ACCURATE AT OVER 200 YARDS.

The Vortek™ Ultralight LDR is just what you need to go the distance. Equipped with a 30" barrel, the increased barrel length allows for longer burn time which translates to increased velocity, better consistency, and improved downrange accuracy. The barrel is made of premium grade Chromoly steel, which has long been recognized as one of the best barrel materials for strength and accuracy among centerfire rifles. By using this type of steel, Traditions' rifles are more accurate than any other on the market. LDR stands for long distance rifle and this is the rifle you want with you when you need to get out to 250+ yards. The Vortek Ultralight LDR weighs in at 6.8 pounds and is lighter than some 28" barrel guns on the market, making this rifle easy to carry on long hunts where weight is crucial. Pick up this lightweight, accurate rifle and feel the difference!

PURSUIT G4 ULTRALIGHT NEW LOOK FOR THE 2015 SEASON.

The Pursuit™ series has been taken to the next level with the Pursuit™ G4 Ultralight! This rifle has kept many of the features you have come to love with the Pursuit™ series but have upgraded others to make the rifle more comfortable and attractive. The new and improved Pursuit™ G4 Ultralight features a wider forend to provide a better grip and hand position when shouldering the rifle. In addition to a new forend the receiver is slimmer and conceals the hinge pin which allows for a more streamlined look. The Pursuit[™] G4 Ultralight weighs in at 5.75 pounds thanks to the 26" Chromoly steel barrel and LT-1 Alloy frame. The Dual Safety System allows this to be one of the safest rifles on the market thanks to the internal hammer block safety and trigger block safety. The Pursuit™ G4 Ultralight has evolved the Pursuit™ series and made it better than ever!

MAIN FEATURES:

- NEW! Improved and wider forend.
- + Accelerator Breech Plug™.

EVOLUTION INCLUDES THREE IGNITIONS.

The Evolution™ combines the top quality features you need in a bolt-action muzzleloader to achieve the best accuracy and performance money can buy. This rifle is equipped with a 24" fluted barrel and is outfitted with Williams™ metal fiber-optic sights. The Evolution™ comes with three ignition systems — #11, Musket, and 209. The smooth guide, quick release bolt closes over the top of the ignition area to keep the weather out while still allowing enough visible exposure for legal use in the Northwestern states.

MAIN FEATURES:

- + Legal use in the northwestern states (Washington, Idaho and Oregon).
- + 24" Fluted Barrel with Premium CeraKote Finish.
- + Speed Load System easy loading and more consistent groups.
- + Includes Three Ignitions #11, Musket and 209.
- + Removable breech plug for easy cleaning.

- + Smooth glide bolt action..
- + Williams[™] metal fiber-optic sights.
- + 1:28" twist rifling.
- + 150 grain maximum charge of black powder or Pyrodex® equivalent.

More information on page 61

The TrackerTM provides you with the features of a higher end model at a modest price. This rifle comes with both 209 and musket ignition systems, making it able to be used in the Northwestern states. The breech has a powerful spring loaded bolt that provides a fast lock time to either ignition system and the barrel can handle up to 150 grains of powder. The knurled end cap removes easily for quick end-of-the-day cleaning. The performance barrel has a 1:28" rifling twist giving you superb accuracy at longer distances.

+ 24" fast twist performance barrel.

+ Removable breech plug system.

+ Comes with 209 and musket ignition systems.

- hunting conditions.
- + The magnum receiver accepts up to 150 grain magnum powder charge.
- + Rugged synthetic ramrod.
 - + Drilled and tapped for a scope.

SCOPED RIFLE AND CASE COMBOS INCLUDES A MUZZLELOADER, SCOPE AND SOFT CASE.

Traditions™ now offers the ultimate package — the Scoped Rifle and Case Combo. These packages come with a Traditions™ muzzleloader that has a scope mounted and bore sighted by a factory trained technician and a deluxe soft gun case. With your Traditions™ scope you'll be "dead-on" accurate and the deluxe case features reinforced handles, custom padding, zipper side storage compartment and attractive Traditions™ logo on the side. This combo is available with a variety of Traditions™ muzzleloaders including the Vortek StrikerFire®, Vortek™ Ultralight, Pursuit™ G4 Ultralight and Buckstalker™ so there is a package for everyone at every price point.

MUZZLELOADERS For more information call 860.388.4656 or visit www.traditionsfirearms.com | 19 Traditions™ Cannons are fully operational and accurate in scale and detail.

These are perfect for shooting especially around Memorial Day and the 4th of July.

Available in a variety of types and plating, these cannons are sure to be a fun tradition for you for years to come!

1. NAPOLEON III AND 5. MINI NAPOLEON III

Reminiscent of the cannon used by the armies of both the North and South during the Civil War. Built in two sizes, each featuring metal-rimmed wheels. Offered in large scale .69 caliber with authentic accessories and .50 caliber mini version.

2. MINI OLD IRONSIDES

British guns proved no match for the deck guns of the U.S.S. Constitution. Our replica features authentically-styled naval carriage and barrel.

3. YORKTOWN

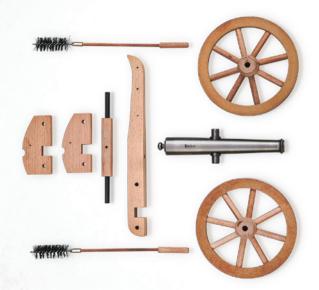

Field artillery came into its own during the American Revolution, notably in General Washington's victory at the Battle of Yorktown. This faithful model features the split-trail carriage that gave our army mobility.

4. OLD IRONSIDES

Nearly three-times heavier than its little brother, the Mini Old Ironsides. This .69 caliber has the look and feel of a working piece of artillery.

CANNON KITS

Our Build-It-Yourself cannon kits are one of the best ways to get a real hands-on experience! With easy step-by-step instructions, these kits are simple to assemble. Great for families, groups and clubs to do together and when finished you will have a fully functional cannon that you can use!

MINI NAPOLEON III

History buffs will love the Mini Napoleon cannon kit, it is reminiscent of those used by both Union and Confederate troops during the Civil War.

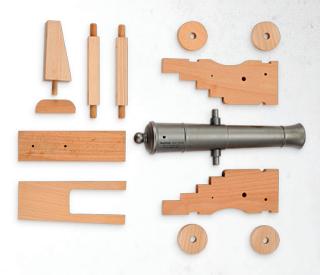

KCN8021

MINI OLD IRONSIDES

Own and build your own piece of history. The mini Old Ironsides is a replica of those that once sat on the deck of the USS Constitution.

KCN8041

OLD IRONSIDES

The Old Ironsides is an even larger version of our Mini Old Ironsides. This .69 caliber cannon is an authentic version of those found on the USS Constitution and is three times as big and three times the fun!

314 STARTER GUN 6MM AND .22 CALIBER CRIMPED

A real value in a light duty 6mm caliber blank gun. The styling and heft make this starter gun handle like a conventional cartridge revolver. Made up of a solid barrel with a red plug to identify that it is a safe barrel. Loads seven (7) crimped 6mm acorn blank cartridges. Double and single action.

<i>3P6000</i>	6mm / Composite	<i>\$71.95</i>
BPC6000	6mm / Composite / Clampack	\$75.95

COMPETITIVE STARTER GUN

Fires 209 Shotgun Primers.

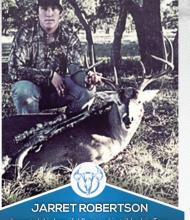

A blank pistol with the strength to stand up to frequent use and for those who prefer a larger, more hand-filling pistol. This deluxe blank pistol has the heft and balance of many conventional pistols. A solid barrel with a red plug identifies that the barrel is safe and is not a real gun. The cylinder swings out for loading the five (5) 209 shotgun primers. Comes in a handy plastic, foam lined storage and carrying case.

<i>BP6001</i>	209 / Metal	<i>\$114.95</i>
BPC6001	Clampack / 209 / Metal	\$ 118.95

PAPELLET ACCELERATOR THE ONLY THING PRIMITIVE IS THE SEASON.

powder due to the Accelerator Breech Plug™. Along with the Accelerator Breech Plug™ the PA Pellet™ Accelerator has an improved, stronger flintlock with a larger frizzen face and special hardening treatment. This enables for a more consistent ignition and better spark. Other additions to this rifle include Williams™ metal fiber-optic sights and soft touch camo stocks.

LIFETIME WARRANTY

- Accelerator Breech Plug™.
- Premium CeraKote Finish on the barrels of various models.
- + Soft Touch Camouflage Stocks.
- + 26" octagonal barrel.
- + Ignites loose powder or pellets.
- + Left-handed model available.

ADDITIONAL FEATURES:

- Williams[™] metal fiber-optic sights.
- + Solid aluminum ramrod.
- + 1:48" twist rifling.
- + Sling swivel studs.
- + In-line ignition.
- + Improved harden frizzen.

It doesn't matter your level of experience, the Deerhunter™ will fit your needs. It has been designed to be lightweight, easy to shoot and incredibly accurate for a very modest price. This rifle has a 24" octagonal barrel and the choice between rugged synthetic or wood stock. The Deerhunter™ is designed to shoot full bore sized bullets, saboted bullets and patched round balls accurately. Sitting on top of the rifle are adjustable Williams[™] metal fiber-optic sights that give you pinpoint accuracy in regular or low light conditions.

ACCELERATOR BREECH PLUG™

Simply twist it and loosen until it's removed from the barrel for easy cleaning.

CLASSIC MUZZLELOADERS TIMELESS STYLING AND HANDLING.

This historically accurate rifle, holder of the enviable status of "authentic for re-enactment

use" from the American Revolutionary Brigade, recreates the finest features of the classic long rifles. In flintlock and percussion models, it features a full length walnut stock with cheekpiece,

solid brass patch box, stock inlay ornamentation and toe plate. Double-set triggers. Adjustable

An outstanding and accurate hunter steeped in history and tradition, the Tennessee Rifle is big

primitive-style rear sight. Custom detailing throughout, without custom cost.

HAWKEN™ WOODSMAN RIFLE

Hawken™ Woodsman is a serious hunting rifle. The Woodsman has the classic styling and handling of the time-honored Hawken™ while offering great performance and affordability. Both the percussion and flint models boast a hooked breech for easy barrel removal, click-adjustable rear hunting sight, double-set triggers in an oversized glove-fitting trigger guard with finger rest and an inletted solid brass patch box.

The Kentucky Rifle matches classic beauty with outstanding performance. The octagonal barrel is rifled 1:66" for patched-ball loads. The long sighting plane between the blade front sight and fixed notch rear sight adds precision shooting accuracy. The color case-hardened lock features a V-type mainspring for fast lock time. The full length two-piece stock of walnut-finished select hardwood is accented by solid brass furniture. Also available as an intermediate-level build-ityourself kit. In your choice of flintlock or percussion ignition models.

The Crockett Rifle, based off "Old Betsy" is the perfect small game gun. This half-stocked .32 caliber is authentic in look and feel. Featuring brass inlays, percussion lock and octagonal barrel, this gun is perfect for at the range or in the field.

on quality and performance. Its 24" octagonal barrel is a full .875" across the flats and held in place by two wedges. The full-length, one-piece stock with cheekpiece is ornamented by solid brass, inletted furniture and decorations in the manner of the 19th century gunsmiths. Doubleset triggers touch off the V-type mainspring action for fast, accurate shooting on the range or in the brush. In your choice of flintlock or percussion ignition models.

addition for your collection or use at the range.

and early 19th Century Explorers. The Kentucky was made famous by the battle of New Orleans and favored by Davey Crockett. It was a favorite because of its one piece stock with superb balance and features like a birds head grip, fixed sight, case colored sidelock and brass ramrod thimbles. The Kentucky will please both the collector and novice alike. Whether you are a die hard or just a weekend enthusiast your fully functional Kentucky will meet your needs.

CRACKSHOT GREAT FOR PLINKING AND SMALL GAME HUNTING.

For 2015, Traditions introduces the Crackshot™ rifle. This .22 caliber single shot cartridge rifle has a 16 1/2" barrel and weighs just over 4 pounds, making it lightweight and easy to carry. The Crackshot™ has many great features that make the gun easy to use. The rifle has an extractor built in so removing the blank is simple while the easy take down makes quick work of disassembling the rifle. The manual trigger block safety allows the rifle to be safe. The Crackshot™ comes with a checkered forend which provides a better grip and is also drilled and tapped for a scope. The rifle comes with a 1-piece base already mounted on the rifle and is great for plinking and small game hunting. This truck gun comes in a variety of configurations and camo patterns as well as a youth model.

SINGLE ACTION REVOLVERS FRONTIER AND RAWHIDE SERIES.

Traditions™ takes great pride in offering authentic replicas of perhaps the most famous handgun ever made. The 1873 Single Action Revolver has only slight variations from the 1873 Colt Single Action Army Revolver, arguably the best selling pistol ever produced. This six shooter from the Old West was the favorite of Wild Bill Hickok, Wyatt Earp, Calamity Jane and many other notorious frontiersmen. With two series to select from, the Frontier Series and the Rawhide Series, there are a wide selection of finishes, grips, calibers, and barrel lengths to choose from. All Single Action Revolvers by Traditions™ come equipped with a transfer bar safety which gives you the highest level of safety offered on a Single Action firearm. Now you can have a piece of history by purchasing one of these classic Single Action Revolvers!

FRONTIER SERIES

The Frontier Series showcases all of our top quality features and finishes. We offer our 1873 Single Action revolvers with your choice of blued, nickel, or color-case hardened frames and blued or nickel barrels, all polished to perfection. Additionally, you can select from white PVC or walnut grips. The Frontier Series revolvers are truly shooting works of art and will look great at the range or on display in your home. Again, these revolvers come equipped with the transfer bar safety system to give you the highest level of safety possible.

.45 LC / 12" CCH

It is said that dime novelist Ned Buntline gave these extra-long barreled revolvers to group of select men of the Old West including Bat Masterson

RAWHIDE SERIES

The Rawhide Series offers today's single action shooters quality features at an affordable price. The revolver's matte black finish is attractive and helps protect against corrosion. Rawhide series revolvers also are equipped with a transfer bar safety. Available in a variety of calibers and barrel lengths, these single action revolvers are a great addition to your firearm collection at an affordable price.

YANKEE REVOLVERS

Union Army soldiers relied on many different types of sidearms for short range and close quarters combat. The revolver was unique in that it had the ability to fire several rounds per minute before having to reload. Revolvers were typically issued to officers and mounted soldiers, however some were purchased privately or found on the battlefield by infantryman.

The 1851 Navy Revolver is distinguished by its' octagonal barrel and lever style loader. The 1851 helped to begin both the expansion of the West and the Civil War. The 1851 Navy is commonly considered to be one of gunfighter "Wild Bill" Hickok's favorite handguns.

REBEL REVOLVERS

different story when it came to revolvers. These handguns did not typically require special ammunition, making them easy for Southern troops to acquire and operate.

1858 NEW ARMY REVOLVERS

Designed to be the future of revolvers the top strap, full frame design made the 1858 New Army Revolver one of the strongest available. During the Civil War, its 8" barrel (with the exception of the 1858 Short Barrel Revolver and Bison Revolver) and reliability made it highly sought after.

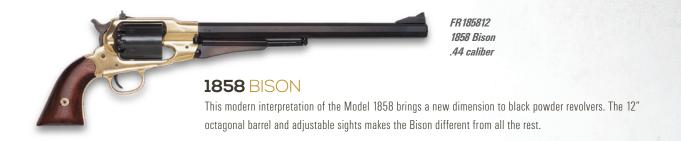

1860 NEW ARMY REVOLVERS

Recognized as the mainstay of the Union Army, the 1860 was ordered to fill the ranks. The .44 caliber revolver was as powerful as it was popular. After the Civil War, 1860 revolvers could long be found in Army posts and across the Frontier.

RAINING CARTRIDGES EETS SAAMI SPECIFICATIONS.

These cartridges meet all SAAMI specifications for dummy ammunition and are precision assembled. Weighted like real ammunition, they are perfect for function testing any firearm and the durable brass cases and rims will not become damaged like plastic dummies. These Training Cartridges are ideal for firearms instructors and students as teaching and training aids. New shooters can learn how to safety load and unload their firearms while also using during malfunction drills and dry-fire practice. Offered in over 50 calibers, Traditions™ Training Cartridges are a necessity for both the experienced and inexperienced shooter!

Snap caps are made to protect your firearms by relieving the stress on your firing pins and firing pin springs. When you safely store your unloaded gun, put a snap cap in the chamber and fire your gun to allow the firing pin to lay at rest. This will help prevent firing pins from breaking in the future.

Snap caps are also a great tool to practice dry firing your guns to teach safe gun handling, improve your shooting skills and tune your trigger. We offer three types of Snap Caps for your convenience —Plastic, Aluminum and Brass Snap Cap!
